It replays in my mind, so many times
When I try to move on, it just rewinds
I'm scarred for life, a casualty of love
Captivated me, like a prisoner
What was I thinkin of, I gotta free my mind
Now it's my time, now im a butterfly

I gotta spread my wings and fly, get away from all your
lies
You know I tried, but you're the kind that can't be
satisfied
Misery loves company, I was sleepin with the enemy
I made a change and spread my wings just like a
butterfly
Fly away butterfly, fly away butterfly

So many times, I coulda walked away
But love is so blind, I was so afraid
At times you had me speechless, you made me feel so
low
At first you were an angel, but then you turned so cold

I gotta spread my wings and fly, get away from all your
lies
You know I tried, but you're the kind that can't be
satisfied
Misery loves company, I was sleepin with the enemy
I made a change and spread my wings just like a
butterfly
Fly away butterfly, fly away butterfly

I made my decision, don't need your permission
I gotta start living, you took away everything

I gotta spread my wings and fly, get away from all your
lies
You know I tried, but you're the kind that can't be
satisfied
Misery loves company, I was sleepin with the enemy
I made a change and spread my wings just like a
butterfly [x2]
