I'm here, you're there
But your love is with me everywhere I go
This I know
I'm near, you're far
Driving away in your little car
But my love will follow you everywhere

Best believe I'll make mistakes
But love won't stop, it has no breaks

Strong is what we are whenever we're apart
I'll be right where you are, I'm in your heart
So don't you worry about a thing, or all the miles in
between
You have my heart, you had it from the start
I love you from afar...

I hear them say
That what we have may fade away but I refuse
We'll never lose
They say
It's a case of the honeymoon phase but I just smile
Cause I know this will last a while

Understand you'll make mistakes
But love won't stop, it has no breaks

Strong is what we are whenever we're apart
I'll be right where you are, I'm in your heart
So don't you worry about a thing, or all the miles in
between
You have my heart, you had it from the start
I love you from afar or near
And everywhere I know that you will still be there
Deep inside my heart...
Inside my heart...

Strong is what we are whenever we're apart
I'll be right where you are, I'm in your heart
So don't you worry about a thing or all the miles in
between

You have my heart, you had it from the start
I love you from afar...
