[Shareefa]

Funny thing about us is  
I never thought that we were suppose to be here.  
I've never been the type to look back  
But I seen them old pictures  
Started reminiscing  
Remember when we were better (better)  
And we were so happy together  
You were suppose to be  
The bigger man for we  
Where did it all fall apart? (ooh)

See I can't put that all on you  
I just had to have my way (way)  
Never wanted to change (change)  
I'll admit that I am a woman  
I can get emotional  
Say things irrational  
Knowing I didn't really mean it  
It might just be to late now  
But when its early in the morning (oh)  
I'm all alone then (I)  
I find myself thinking of you

[Chorus - Shareefa]

I know you been gone for awhile  
But your still on my mind and  
Cause I can't stop luv n u  
I'm sittin here going through denial  
But I just figured out why  
I cant stop luv n u  
I'm sick of going through the emotions  
Like I don't want ya  
Cause I can't stop luv n u  
Can't stop, no I won't stop  
Never gonna stop  
No I can't stop luv n u

[Ray Lavender]

I know I should have thought about

It when I let you walk out my front door.  
(I should have thought about it, thought about it)  
I know my pride was  
Talkin too loud  
Sayin you could roll out  
Shawty you should know  
That's how a man do  
And I hope my actions don't  
Say that I don't love you  
It ain't the same  
Lets work it out  
Remain in pain  
I've broken down  
Oh girl I really miss you  
All we really need is rehabilitation  
No other woman could ever replace you  
So bring that love back  
Bring that lovin back  
I think that I've worked out all my issues  
It's the new me, and I would  
Love to introduce you  
Late at night when I'm home alone  
I remember what I had is gone  
And I miss you

[Chorus - Ray Lavender]

I know you been gone for awhile  
But your still on my mind and  
Cause I can't stop luv n u  
I'm sittin here going through denial  
But I just figured out why  
I cant stop luv n u  
I'm sick of going through the emotions  
Like I don't want ya  
Cause I can't stop luv n u  
Can't stop, no I won't stop  
Never gonna stop  
No I can't stop luv n u

[Shareefa]

I know you been gone for awhile  
But your still on my mind and  
Cause I can't stop luv n u

[Ray Lavender]

I'm sittin here going through denial  
But I just figured out why  
I cant stop luv n u

[Shareefa & Ray Lavender]

I'm sick of going through the emotions

Like I don't want ya  
Cause I can't stop luv n u  
Can't stop, no I won't stop  
Never gonna stop  
No I can't stop luv n u
