Yes, peace, Rich, yo! what up man, whats good Reef?
what up ? Aint nothing, chillin', i-ight, Yo! check this
out,
I just had the craziest idea right, what is it? I was
listening to um, "Ready to Die", (uh hu) and um I can up
with
like, the chorus, like the lyrics, just a lil bit like, and
I want it to go a lil something like: "No one said that this
life would be easy, so sick and tired of being tired
please
believe me." " No one said"... But you get the drift?
uuhm I'm feel'n that, you know what? I know just who
we can
get to do it too! And the sample, I know the sample, I
got the
record sitting right here.
