yesterday I woke up alone
my whereabouts as always unknown
trying to get my way back home
then you came along
you came along
suddenly I realized
i've been searching for a new paradise
but now i konw where i belong
'cause you came along
you came along

now i konw what they implied
the girl with kaleidoscope eyes
now i know she's alive

cheyenne the sun is coming up
and it makes me wonder why
I am the raining
Cheyenne the birds are flying 'round
and everything is fine
Cheyenne I'm changing
underneath these skies

The world never looked so bright
I'm looking through a new pair of eyes
I never wrote such a happy song
till you came along
you came along
no I know she's alive

Cheyenne the sun is coming up
and it makes me wonder why
I am the raining
Cheyenne the birds are flying 'round
and everything is fine
Cheyenne i'm changing
underneath these skies

Yesterday I woke up alone
my whereabouts as always unknown
I never wrote such a happy song

till you came along
you came along
