"Parade"

I feel the tide is turning now
This whole town is changing
This status quo, this one men show
And we are gonna break it

They'd understand
This is gonna end
Wait for tonight
Light up the sky

Show me the way to a brighter day
Show me the way, show me the way
Open your eyes, to this masquerade
Same old things in a different way
Day after day, day after day
Open your eyes
In the mean time, enjoy the parade
Enjoy the parade

I walk on by, based on a lie
And no one to retrace it
We'll make a stand, middle class man
And we are gonna break it

They'd understand
This is gonna end
Wait for tonight
Light up the sky

Show me the way to a brighter day
Show me the way, show me the way
Open your eyes, to this masquerade
Same old things in a different way
Day after day, day after day
Open your eyes
In the mean time, enjoy the parade

There's a new plan
So let's join hands
There's a new plan
So let's join hands

There's a new plan
So let's join hands
Let's join hands

Show me the way to a brighter day
Show me the way, show me the way
Open your eyes, to this masquerade
Same old things in a different way
Day after day, day after day
Open your eyes
In the mean time, enjoy the parade
