"Wonderful Life"

Running round aimlessly
Send in the cavalry
We're on a merry go round

7/11 Go
Falling like domino's

Chasing the dirty dream
Life in the tred machine
With your nose to the ground

Looking for getaways
Trying to slow the pace

You lift me up
From every blow
Shield my heart
To let me know
I gotta lot to learn
A lot to give
In this wonderful life, we live

Personal TV-shows
Info and overload
You get to follow the sound

Looking for your embrace
Someone to stop the race
