"7 Short Days"

It was a week when I would have thought.
This sort of thing was a lie,
Mean't for a fairytale, a storyline, a movie plot.

You showed up when all was wrong.
Pulled me out of my troubled mind.
Now a weeks gone, it hasn't been long
I'm singing a new song, you are my one and only

But in 7 short days things just fell right into place
The days were long but you, you made them fly (you
made them fly)
If I had an hour for every time that you broke out a
smile in me
Our storyline would never run out of time.
La Da Di Da, La Da Di Da, La Da Di Da

Day one you were a nameless face
I swore that you would be mine
No I couldn't afford to lose this time, just to anybody

I've been counting the hours that I put a name to the
face
That promised myself would be mine no one else

But in 7 short days things just fell right into place
The days were long but you, you made them fly
If I had and hour for everytime that you broke out
A smile in me our storyline would never run out time.
La Da Di Da, La Da Di Da, LaDa Di Da

But I couldn't believe it when I said to myself
That it's only been a week, that you are this new to me
And I couldn't believe it when I thought to myself
This time is not a lie, this is our storyline

It was a week when I would have thought
This sort of thing was a lie
Mean't for a fairytale, a storyline a movie plot

But in 7 short days things just fell right into place

The days were long but you, you made them fly (you
made them fly)
If I had an hour for every time that you broke out a
smile in me
Our storyline would never run out of time (it would
never run out of time)
La Da Di Da, La Da Di Da, La Da Di Da
This is our storyline
Yeeaaahhh
