God-fearing Mutants

By Ripface Invasion

Music and lyrics by Anthony Paladino

Emotions will fly in the blink of an eye  
To keep it together, it's hard but we try  
Assume that you are better  
Through the ego of your taste  
We won't be around to see it  
Blow up in your face

Chorus:

You're Fake

We're watching every move you make

You're weak

Distorting all the words you speak

You were never real

You can't catch this feel

You're scapping you're clawing

You're dragging through life

Living your day on the edge of a knife

People like us that are free

You frown upon the most

Get back in your fairy tale

Keep following your ghost

Chorus:

You're Fake

We're watching every move you make

You're weak

Distorting all the words you speak

You were never real

You can't catch this feel

Try again you're a sucker to your god

Guess again your a sucker to your god

Try again you're a sucker to your god

You know we can, we can chew you up and spit you out

We will stand, we will fight

We won't give in to your bullshit life  
Say goodbye in your moment of truth  
I say you act so tough, you couldn't do what we do!  
We will stand, we will fight  
We won't give in to your bullshit life  
Say goodbye in your moment of truth  
I say you act so tough, you couldn't do what we do

Do what we do 7X
