There was a day when everything was tight
But we struggled to persevere
Unified under flags of hope
There was no such thing as fear

On and on this road is long
You know the fight never ends my friend
Conquered moments in the heat
As we battle through all the trends

RIPFACE ATTACK
RIPFACE ATTACK
Go!

Thoughts are racing through my mind
No wave of fear behind them
Nothing is gonna stop the face of
Positive insanity
The more the legions fall the closer we
Get to new birth
Light the fire, get behind it,
Feel the clartiy

RIPFACE ATTACK
RIPFACE ATTACK

If blood is spilt, the mission's clear
Feeding off the call of life
Feeling waves, insanity
Never to look back so blind
Freeing all the slaves to be
Visions of equality
What it is, what it was
What it will not be

RIPFACE ATTACK
RIPFACE ATTACK

The force ignites the energy, the body
And it will free the mind
Striking down the enemy with no remorse

They're laughing at our kind
Feel power pulling me in
From behind our masks
We will exterminate them
On this day
As we stand
This is our time
No more pain
No hesitation
No more pain
No more pain

No retreat No surrender
No retreat
We don't care
4X

And we don't care
