Dialogue:

For real I can't take this no more  
I gotta get out the house I can't deal with him no more

Why do you keep coming over here  
With the same old BS every other week  
You know you're not going anywhere  
So why you keep lying to me?  
I know you, the only thing about it is  
He knows you better [You think so]  
He knows you ain't going nowhere  
Come to think of it  
If I was you I wouldn't go nowhere either  
Let him go, put his a\*\* out  
Know what I'm saying  
Look all you gotta do is tell him

I'm through  
Trying to prove my love  
I'm through baby  
Oh man I'm through  
Sometimes I had to give up what was right  
When I knew it was wrong  
But I believe stand here today on my very own  
Cause I've found someone and I know he understands  
That I know what it really means,  
What it really means to have a real man  
You see his daily deeds and the things he does and  
says  
He says I'm not trying to take your boyfriend's place  
but if I can't help ya  
I swear I won't get in your way  
Tell him, tell him, tell ya man you're through  
Trying to prove your love to him  
Go on girl tell ya man you're through  
Trying to prove your love to him

See I'm through staying up all night

Waiting for you to return  
I can't think of a better lesson  
I had better learn  
But you'll find out further on down the road  
See I let you take my heart  
But I can't, I can't let you take my soul  
It's always happening in so many love affairs  
Yeah you so in love today, so in love today but  
tomorrow tomorrow  
You just don't care  
One gets tired and gives up on loving the other  
Then the other goes running in the streets,  
Running in the streets, just running in the streets  
Trying to find it in another

You're through  
Tell the man that you're through right now

[Proving my love to you]

Baby I'm through [through]  
[Go on, go on] I'm going [tell the man that you're  
through]  
I'm done

[Through] See I ain't even mad about it, yes in fact I  
feel so  
Cause I got a good man [through][through] I'm gone

I'm not gonna sit here and try to convince you that I'm  
gone  
I'm gonna head home and pack up \*\*\*\* and put it  
outside the door  
And he can just stay right wherever he is with the  
woman he decided to be with  
Go ahead he chose her let him stay there  
But I'm through
