This kinda hurts  
But I know my worth  
You don't know how to respect a woman, no  
Think I'm a fool  
See I caught you  
Last night you left your pager next to mines  
Silly dude

I know you'll never find  
You'll never find  
Someone like me again  
So go back to the streets  
You will see that I was the real one  
I know you'll never find  
You'll never find  
Someone like me again  
So go back to the streets  
You will see that I was the real one

Can't take no more  
Your bags are at the door  
You thought I would forgive you once again  
No I'm gonna ride solo  
It was such a low blow  
And I can't believe  
That you are so sneaky

With my best friend you tried to pull it  
Up over my eyes yes you did  
If she was with it you would've did it  
And it's somethin' I can't deal with  
Now boy you know that I loved you  
But now I got to leave you  
Cause I can't trust you  
You'll never find a love like mine

Chorus 3x

It was such a low blow  
You will see that I was the real one  
Now you gotta go

You will see that I was the real one  
You really broke my heart  
You will see that I was the real one  
Now it's time that we part  
You will see that I was the real one

Chorus
