Feel the urge, still your thirst  
If you're not shure which step comes first  
When there's something that you need  
Grab the life, without fear  
When there's something that you want  
Take the chance, now!

Don't be afraid, you'll be alright  
I know that you won't stop to fight  
Don't be afraid, you will be fine  
I'll wait for you at the finish line

Feel the beat of your heart  
How it's counting down your life  
When there's something that you need  
Grab the life, without fear  
When there's something that you want  
Take the chance, now!

Don't be afraid, you'll be alright  
I know that you won't stop to fight  
Don't be afraid, you will be fine  
I'll wait for you at the finish line

I hope you'll always believe in your dreams  
No one can take them away from you  
Just close your eyes and you'll see  
The dream that your life could be
