Way back here we have a climb  
Everything I need but nothing's mine  
Satan's world are back hell  
Why didn't Rosemary ever take the pill?

Let me waiting, waiting for the kill  
Old man won't do it but the devil will

I'm losing time and my mind  
Why can't I have what's naturally mine?  
I got life and the pain that goes with it  
If there's something else, where can I get it?

Let me waiting, waiting for the kill  
Old man won't do it but the devil will

Well here's my views - I always lose  
Things i want to do are yesterday's news  
Say life's a ball- Well, I've had it all  
I'm out flat when I'm out to dance all

Let me waiting, waiting for the kill  
Old man won't do it but the devil will

Take me as I am, an 'scuse for a man  
Whenever I push someone stops my hand  
As a matter of interest, tell me if you will  
Why didn't Rosemary ever take the pill?

Let me waiting, waiting for the kill  
Old man won't do it but the devil will

Oh why won't Rosemary take the pill?  
Why didn't Rosemary ever take the pill?
