Pray to the heavens that brings us the starlight
Pray to the wind that brings us the rain
Pray Lord for someone to show me the answers
And teach me to love again
Look through the shadows, look through the darkness
Look through the smoke, try to see through the lies
Look through the mist now that hangs in the mornings
She'll wipe the tears from these eyes
She's a long lost woman
Where can I find her?
She's a long lost woman
Where can I go?
I'm a long lost man and I'm sure feeling low.
(chorus)
There's times when I'm sleeping
I hear her calling.
Oh when I awake, I'm lying alone.
If you see her remind her, some day I'll find her
Somehow I'll make her my own.
