I come from the mountains, down to the water.  
I come to drink from the dreams of your sons and daughters,  
I come from the summer off of the rails,  
With my hammer in hand about to hit it on the nail.

I'm gonna burn down Los Angeles, burn down Loas Angeles.

I come for revenge for my broken dreams.  
I didn't come to wait tables or park limousines.  
I come to get up from my hands and knees.  
I come to steal the honey from the killer bees.

I'm gonna burn down Los Angeles, burns down Los Angeles
