New dance that just hit town  
New dance that just hit town  
New dance that just hit town  
New dance that just hit town  
New dance that just hit town  
It's called the mess around

Well, everybody's doing that dance  
From America all the way to France  
They've even doing it across the land  
They've got them doing it on Bandstand

That dance that just hit town  
Which is called the mess around

Me and my baby do that dance  
When we're walking down the street  
Me and my baby do that dance  
Every time we meet

That dance that just hit town  
Which is called the mess around, hey

Well, first you glide  
Then you slide  
Then you and your partner  
Walk side by side

Round and round, up and down  
Then you're doing the mess around

If you don't know how  
To do the dance right now  
Watch me and I'll show you how

First you glide, then you slide  
Then you and your partner  
Walk side by side

Then you're doing the dance  
That just hit town

Which is called the mess around

Hey, hey (let's do the mess around)

Hey, hey (let's do the mess around)

Hey, hey, hey, hey, hey

(Let's do the mess around)

Hey, hey (let's do the mess around)

Mess around (mess around)

Mess around (mess around)

Mess around (let's do the mess around)

I said, come on, baby

(Let's do the mess around)

Come on, baby (let's do the mess around)

Come on, baby (let's do the mess around)

Come on, baby (let's do the mess around)
