Sometimes people make so many mistakes  
They try hard to resist whatever it takes  
Many times they think it's the right love  
Often times they're wrong but just couldn't talk  
I just can't get over this feeling  
Not until darling you came along  
Loving me was all you've ever done  
Loving me as I am

Just can't believe you walked into my life  
I never thought I'd meet someone beautiful like you  
You'll always be my rock who I can lean on  
Through good times and bad times oohh...  
After all  
Today I'm so glad I found you

'Cause maybe I'd be lost without your love  
I'll try hard to be what you want me to  
I love you oh baby! Can't you see?  
And I know babe that you love me too  
I can feel what's deep inside of you  
And I want you always to keep me with you  
In so many ways  
You're the only one I'll ever love  
No I'm noy gonna give you up this time  
After all those precious memories  
Forever I'll keep you in my heart
