You don't come around no more  
Like you used to do  
Oh God, I miss your company  
Your innocence you know just like  
Yeah, like it used to be  
And how I need you here with me

You just kept on askin' why  
And never wantin' to really try

'Cause all the times I've cried  
All this pain I've tried to hide  
What am I supposed to dream  
When nothin's ever what it seems?

The pain, it drifts from day to day  
And it makes me think  
That how I wish it would subside  
To smile again all the fears be gone  
Find my self respect  
There's nothin' done with that effect

You just kept on askin' why  
And never wantin' to really try

'Cause all the times I've cried  
All this pain I've tried to hide  
What am I supposed to dream  
When nothin's ever what it seems?

Oh, you never were the one  
Oh, you never were the one

All the times I've cried  
All this pain I've tried to hide  
What am I supposed to dream  
When nothin's ever what it seems?

All the times I've cried  
All this pain I've tried to hide  
What am I supposed to dream  
When nothin's ever what it seems?
