Don't forget me  
I'm hoping that you won't forget me  
There's no doubt, I blew it there  
Gave up the best love that I ever had  
I never thought I could be  
So sad til now

Please remember,  
I'm hoping that you will remember  
That the times we were together,  
It was at always stormy weather  
There were even times when  
The sun came shinin' through  
And I know we've come to the  
Parting of our ways,  
And I know, we said all the things  
That we could say.  
And I know, I can put myself  
Back together again  
If the fate will let me.  
Don't forget me...

I'll remember,  
I know that I will always remember  
And I hope you'll have a  
Peaceful life,  
You never had  
While I was you wife...  
And though,  
I know there is nothing I can do  
I'll never forget you...

And I hope you'll have a  
Peaceful life  
You never had  
While I was your wife  
And though I know  
There is nothing I can do

I will never...  
I will never...

I'll never forget you...  
Don't forget me...  
Don't forget me...
