Everytime Everyday Anywhere Anyplace
I keep this promise
Our Promise
You and I
Always be Friends

I want to send this "Promise Song" to you
Dearest Friends
I'll always be here
Always Always
I'm by your side. . . . Forever

Always Always
Many Times Many Times
This friendship is Forever
Always Always
This Friendship is like No-Other

We are Circle of Friendship
I'll be here for you
Forever Forever

Everytime Everyday Anywhere Anyplace
I keep this promise
Our Promise
You and I
Always Be Friends
I'm here for you Forever
Your my friend
This is Friendship's Promise

Wherever you may be
There's nothing like the bond we have
Although life takes us a different route
I am always here when you need a friend

Always Always
Many Times Many Times
This friendship is Forever
Always Always
This Friendship is like No-Other

Everytime Everyday Anywhere Anyplace
I keep this promise
Our Promise
You and I
Always Be Friends
I'm here for you Forever
Your my friend
This is Friendship's Promise

When life takes for the worse
Am at your service
All you have to do is just holler at me
Till then take care my friend

Everytime Everyday Anywhere Anyplace
I keep this promise
Our Promise
You and I
Always Be Friends
I'm here for you Forever
Your my friend
This is Friendship's Promise

Everytime Everyday Anywhere Anyplace
I keep this promise
Our Promise
You and I
Always Be Friends
I'm here for you Forever
Your my friend
This is Friendship's Promise
