Where did it go wrong?
My heartbreak's here to stay
But today I lost you
?Cause you keep hiding

You disappear and I'm confused
If you're running forever and ever
I'm not the one who'll lose

Once again
I'll dream about you kissing me
I'll dream about the way we'd be
But you don't even notice me

Where did it go wrong?
I think that we both know
It's as far as we go
There's no point trying

I don't feel wronged or in the right
I'm not trying to keep this together
I've already put up the fight

Once again
I'll dream about you kissing me
I'll dream about the way we'd be
But you don't even notice me

Even when I call you
You don't even know my name
Oh, I surely try
Oh, will you surely try?

Once again
I'll dream about you kissing me
I'll dream about the way we'd be
But you don't even notice me

Even when I call you
You don't even know my name
Oh, I surely try
Oh, will you surely try? Oh

Once again
I'll dream about you kissing me
I'll dream about the way we'd be
But you don't even notice me

Even when I call you
