I remember back when hip hop, was more than just a  
quick buck  
Cheap hooks and gimmicks, weekly anthems with strip  
clubs  
These days is disgusting what these kids will pick up  
Brain washed and tamed to praise, money, sex and  
liquor  
Finger on the trigger, pedal to the metal  
Forget these expectations when settle on they level  
So don't hesitate to be different and get to where you  
aim for  
Investigate the truth with yourself trust me it pays off  
And I done said often how I love this  
I own nothing above it  
The essence of expression in the substance  
Synergy on the budget, grown us on production  
Laced it with exaggeration, that record crating  
abundance  
Tilters on the sample, drum loops on the mpc  
Before compression turn cd quality into mp3  
My people hate when I start acting this way  
Cause I can't stop bragging but old tracks went back in  
the day

If it ain't discovered, it might be a tune  
If it ain't discovered, it might be a tune  
If it ain't discovered, it might be a tune  
If it ain't discovered, it might be a tune

Taking back in the time of illmatic and the infamous,  
the golden era  
The holy terror of the wickedness,  
Ja rule rocking rock bock shot, will come at you, with  
that smith and Wesson  
When the original gun clappers, back to, naughty by  
nature  
When new jersey had that wonder sound with that  
flavor unit  
Then came the lord to the underground and...  
No matter what you do, it's say they capping you  
Killer capital... never miss a beat...

Lp is the family big is the best emcee...  
Jay z and az,... we used to reach for the d  
But we got lost in translation  
So I dedicate this peace to the east

If it ain't discovered, it might be a tune  
If it ain't discovered, it might be a tune  
If it ain't discovered, it might be a tune  
If it ain't discovered, it might be a tune  
If it ain't discovered, it might be a tune.
