Inside ones dreams holds a evil scheme
because there's always someone who wants to see you
scream
all in your Nightmares they can smell your fear
and when you wake up they pretend like nothings there

You wanna see me cry See me run and hide
from the horror of the night that I try to fight
I can hear your pulse and your wicked thoughts
when you run around in disguise making evil plots

cause in your Nightmares she's always lurking around
your door
just tryna make you scream in horror she really likes it
she is the thing that bumps in the dark don't be scared!
all bad things they have to part!

she's wicked! and she like's it
she's wicked! and she can't fight it

Inside her eyes holds an evil stair
like the coldest of her heart you can feel it near
She practices magic all wicked craft of the devil's work
She thrives on human blood, death and hate are all her
favorite

She's the demon in your dreams The Jezebel tryna
make you scream

You wanna see me cry See me run and hide
from the horror of the night that I try to fight
I can hear your pulse and your wicked thoughts
when you run around in disguise making evil plots

cause in your Nightmares she's always lurking around
your door
just tryna make you scream in horror she really likes it
she is the thing that bumps in the dark don't be scared!
all bad things they have to part!

she's wicked! and she like's it
she's wicked! and she can't fight it

cause in your Nightmares she's always lurking around

your door
just tryna make you scream in horror she really likes it
she is the thing that bumps in the dark don't be scared!
all bad things they have to part!

she's wicked! and she like's it
she's wicked! and she can't fight it
