i think of you
from the moment i wake up
babe, i think of you
till the time i close my eyes
and start to dream of you
you're the only thought
I'll ever have

i think of you
even as the morning starts to end
I'll think of you
till the sun begins to hide
behind the distant paint of full moon light
until the little star has left the sky

in my wildest dreams, i dream about you
every breath i see, i see only you
in my most quiet moments, i hear only you
all i ever wanna do is to say i love you

i think of you
every time i hear the rain drop
i think of you
every time i see a moonlit sky
and velvet cloud passing by
just thinking of you makes me wanna fly

in my wildest dreams, i dream about you
every face i see, i see only you
in my most quiet moments, i hear only you
all i ever wanna do is to say i love you

the moment you walked into my life
there came happiness and sunshine to my life
you don't know how could i feel inside
I'm so glad you stand right into my life

in my wildest dreams, i dream about you
every face i see, i see only you
in my most quiet moments, i hear only you
all i ever wanna do is to say
all i ever wanna do is to say

all i ever wanna do is to say
i love you
