If only you could stayed a little longer
If I had known this feeling then I could've been much
stronger
And the hurt I feel right now would be so far away
Now all the memories tell me I should've made u stay

You said we'll make it last forever
Maybe you could've been a little stronger too
Now I know that sometimes promises just fade away
I need you here beside me, it's just no good to feel
this way

CHORUS:

Now that you're gone
I wish you never had to go
Now that you're gone
This pain I feel inside me just goes on & on
Now I know I need you
And I never should have let you go

(Repeat 2nd Stanza)

(Repeat Chorus 2x)

I never should have let you go
