Now I ain't no butcher, no butcher's son,  
I can do your cuttin' 'til the butcher man comes  
'Cause I'm a all-around man, oh I'm a all-around man,  
I'm a all-around man, I can do most anything that  
comes my hand

Now I ain't no plumber, no plumber's son,  
I can do your screwin' till the plumber man comes  
'Cause I'm a all-around man, oh I'm a all-around man,  
I'm a all-around man, I can do most anything that  
comes my hand

Now I ain't no miller, no miller's son,  
I can do your grindin' 'til the miller man comes  
'Cause I'm a all-around man, oh I'm a all-around man,  
I'm a all-around man, I can do most anything that  
comes my hand

Now I ain't no milkman, no milkman's son,  
I can pull your titties 'til the milkman comes  
'Cause I'm a all-around man, oh I'm a all-around man,  
I'm a all-around man, I can do most anything that  
comes my hand

Now I ain't no spring-man<sup>1</sup>, no spring-man's son,  
I can bounce your springs 'til the spring-man comes  
'Cause I'm a all-around man, oh I'm a all-around man,  
I'm a all-around man, I can do most anything that  
comes my hand

Now I ain't no auger-man<sup>2</sup>, no auger-man's son,  
I can blow your hole 'til the auger-man comes  
'Cause I'm a all-around man, oh I'm a all-around man,  
I'm a all-around man, I can do most anything that  
comes my hand
