You have body
You give soul
You're a soul survivor
It's so..it's so clearer

Our love long gone, songs of olden
You sing throughout the year

It'll be like lovers
For the rest of our lives
I won't have to run around baby
You won't have to think twice

They'll take the walk
We'll sage the world
Sounds like October
A futurist knows
Our furious, curious, fantasist code

Gimme your body
Wont'cha give me your sweet soul
Love when you take over
I love when you take control

It'll be like lovers
For the rest of our lives
I won't have to run around baby
You won't have to think twice

They'll take the walk
We'll sage the world
Sounds like October
A futurist knows
Our furious, curious, fantasist code

There's a big...
There's an adventurous God out there
All these purple spheres
Where the creator...

It'll be like lovers

For the rest of our lives
No run around
Think twice...Twice

They'll take the walk
(we'll take the walk)
We'll sage the world
Sounds like October
A futurist knows
Our furious, curious, fantasist code
Furious, curious, fantasist code
(one more line)
Our furious, curious, fantasist code

Here...
Hey...
Not alone, not alone, not alone, not alone
Not alone, not alone...
