Fell from the grace of heaven's prow
Listening as the abyss calls our name
Descending stars from golden clouds
Falling to the rage of angels
Bringer of light from on high
Bound to the earth and unable to fly ...

I don't know ... (3x)
How can heaven love me
You don't know / I don't know ... (3x)
How can heaven love you / How can heaven love me

We loved in a time before the fall
Welcome to the arms of solitude
Beneath us the heat that hearts exude
Is this really heaven?
We'd fight with the gods for our dreams
Where paradise falls eternity screams

I don't know ... (3x)
How can heaven love me
You don't know / I don't know ... (3x)
How can heaven love you / How can heaven love me

Die Welt ein Tor
Zu tausend Wsten stumm und kalt
Wer das verlor, was du verlorst
Macht nirgends halt The world is a gate
Thousand deserts dumb and cold
That man who lost what you lost
Is stopped by nothing
Crystallized as starlight
Lost in paradise

I don't know ... (3x)
How can heaven love me

You don't know / I don't know ... (3x)
How can heaven love you / How can heaven love me

(The last lines are repeated several times)
