Cuando anochezca
Te esperaré
Quiero volverte loco esta noche
Con la luna llena
Te esperaré
Hoy morirás entre mis brazos
Nunca soaste algo igual When the night falls
I will wait for you
I want to drive you crazy tonight
With the full moon
I will wait for you
Today you will die in my arms
You never dreamed about something like this

Let me dive in
To pools of sin
Wet black leather on my skin
Show me the floor
Lay down the law
I need to taste you more

Refrain:
Then I feel your sea
Raining down on me
Can this be my once in a lifetime
Hell's at heaven's door
As I need you more
You know you're my once in a lifetime

Todo tu cuerpo temblará
Pero esta vez, es realidad
Aunque el tiempo pase
Nunca, nunca lo olvidarás
Sera
Solo una vez en tu vida
All your body will tremble
But this time it will be real
Though time passes by
You will never, never forget it
It will be
Only once in your lifetime

When you take me
And make me cry
Then I feel you satisfy
Show me the cage
It's all the rage
And lock it up

Found a part of me
That's a mystery
That will be just once in a lifetime
When the moon is high
Passion never dies
Will you want me for all a lifetime

Once in a lifetime
Once in a lifetime
Once in a lifetime

Giving you my soul
Letting you control
Took away a part of my lifetime
Memories of you
Left me black and blue
Now I know you're once in a lifetime

Refrain

Found a part of me
That's a mystery
That will be just once in a lifetime
When the moon is high
Passion never dies
Will you want me for all a lifetime

Refrain

Found a part of me
That's a mystery
That will be just once in a lifetime
