The stanza "So I am going to ..." is not in the CD-booklet.

The indented stanza is in the CD-booklet but not sung.

There is something in the air

Oh, there is something in the air

Oh yeah

Deep within your mind you have been blind

Look around and find

There's something in the air

Sometimes I can read it in your eyes

Keep the dream alive

There's something in the air

There is something in the air

Yeah, yeah, oh yeah

Don't know why the truth becomes a lie

Makes me wanna cry

There's something in the air

So I'm going to dry the tears of pain

Wash away the rain

There's something in the air

And I can feel it ... Oh yeah

Oh I can feel it ... Everywhere

There is something in the air

Our tears will dry tomorrow

No more pain or sorrow

There's something in the air

[Chorus:]

There is something in the air

Our tears will dry tomorrow

No more pain or sorrow
There's something in the air
All the darkness turns to sunlight
(The) Dawning hits the long night
There's something in the air
Yeah, yeah, yeah, oh yeah

We can heal the wounds of time together
It'll be forever
There's something in the air
I can feel the love that I desire
Come on take me higher
There's something in the air

Oh I can feel it ... Oh yeah
I can feel it ... Everywhere

[Chorus]

Something in the air
There is something in the air
There is something in the air
Is there something?
Something in the air
There is something in the air
There is something in the air
Is there something?

[Chorus]

There is something in the air ... (repeated several times)
