"The Second Element"

Eyes were glancing
Hopes set high
But just another day went by
Tears are falling
Like never before
But still she's staring at the door
Broken promise
Will you understand
My heart is in your little hands
I hear you call my name. . . .
Refrain
And always you'll be
Blood and soul part of me the Second Element
I am longing for you
And always you'll see
That you reflect on me My Second Element
Are you missing me too?
Time keeps moving
She's in so deep
And she cries herself to sleep
Angels dancing in the night
And she cuddles up real tight
Children's laughter
Sunny day
Never more I go away
Just like an endless dream
Refrain 2x
