### "My Sweet Lovin' Woman"

I've got a sweet lovin woman,  
She lives up on that hill.  
I've got a sweet lovin woman,  
She lives up on that hill.  
You know that fool tried to quit me,  
But, man I love her still.

Yes, there's one thing about you women,  
That I can't understand.  
Yes, there's one thing about you women,  
That I can't understand.  
You cook corn bread for your husband,  
And biscuits for your man.  
That's just like a woman alright.

Yes, goodbye darlin,  
Oh, yes I'm goin away.  
Yes, goodbye darlin,  
Oh, yes I'm goin away.  
I may be back to see you darlin,  
On some dark and rainy day.
