I really got to use my imagination, to keep on keepin'
on
I got to make the best of a bad situation, ever since
that day I found you were gone

Darkness all around me, blockin' out the sun
My good friends call me but I don't want to talk to
anyone
Emptiness has found me and it just won't let me go
I go on livin' but why I just don't know

I really got to use my imagination, to think of a reason
To keep on holdin' on, I got to make the best of
A bad situation, ever since that day, I found you were
gone

Drowning out reality won't do me no good
Ain't no misunderstandin', it's too well understood
Such a sad, sad season, when a good love dies
Ain't a day goes by, when I don't realize

I really got to use my imagination, to think of a reason
To keep on holdin' on, I got to make the best of
A bad situation, ever since that day, I found you were
gone
