Check it out baby, these words are way overdue
Check it out baby, these words are way overdue
Well it's my time now, got to be later for you

Well you sure fooled me baby, I thought your love was true
You sure fooled me baby, I thought your love was true
Well it's my time now, got to be later for you
(Help me Pinetop1)

Well I gave you a home and I took you to be my wife
But you treated me so rotten, you almost wrecked my life
Good-bye baby, now I don't care what you do
Well it's my time now baby, got to be later for you
(Oh, get outta here)

Note 1: Pinetop, Pinetop Perkins
