The sun is rising and I don't care who I've been
I never did much but I'm ready to begin
I may be down and out but I'm gettin' up and in

I've always been a loser, now it's my turn to win
I was on the bottom, now this time it's happenin'
I may be down and out but I'm gettin' up and in

Up and in
Up and in
Up and in
Up and in
I may be down and out but I'm gettin' up and in

Gonna get some good lovin' and I don't think that's a
sin
You'll know when I do, you'll dig my big wide grin
I may be down and out but I'm gettin' up and in

Up and in
Up and in
Up and in
Up and in
I may be down and out but I'm gettin' up and in

Up and in
Up and in
Up and in
Up and in
I may be down and out but I'm gettin' up and in
