i never said bitch till my heart was broken,  
now it seem like bitch the only word ever spoken

they teach you how to love, but never the out come  
so when i see love. im trying to out run  
and ima do this cart lewis on this life track  
i gave her everything, i want my life back  
and that ring too, oh what i mean boo  
i mean my life is fucking better since i seen you  
all up in my life like r3 d2  
who knew with out that make up you were see through  
we grew apart like lines in a broadway play  
and i aint mean to pick apart that day  
when you say us is too much too try to discuss  
and i aint even did shit, wasnt even no mistrust  
you was fuckin tripin and couldnt handle life  
so then you cut me off, and bitch that wasnt right  
remember that night, your whole family put you down  
and i treat you like a queen, even handed you a crown  
but then you slipped off like nightgowns do at ron day  
vus  
they say you never play your part, you loose  
but i play my part like denzel trainin day was my fuckin  
oscar  
but you the actress bitch, yeah a fuckin imposter  
but now i got a roster, and you aint even startin  
i got a new bitch, bitch, and you aint even parkin  
oh im sorry bitch, did i offend you,  
great bitch cause i ment too

i never said bitch till my heart was broken,

now it seem like its the only word ever spoken  
i never said bitch till my heart was broken,  
now it seem like bitch the only word ever spoken

live in the same city, drive the same streets  
but when i ask for some time, you say you cant meet  
you say you gotta work, and you got shit to do  
but all that really means is i dont mean shit to you  
so whats the point of me standing here on my own two  
and when i need to talk too, i tell her phone you

naw that aint the life, at least not for me  
you got me writing dont my shit like i was socrates  
and last night i met a girl that was in the club  
she told me by the way i look, she knew i need love  
gave me a hug, and it felt so good  
and she treated me in all the ways i wish you sorta  
would  
i wish you sorta could, but you dont have the time  
how we gonna be in love, when i was next in line  
i brought that girl home, i hope you understand  
she made me feel like a man

i never said bitch till my heart was broken,  
now it feel like bitch the only word ever spoken  
i never said bitch till my heart was broken,  
now it feel like bitch the only word ever spoken
