God damn  
This one goes out to all my brothers out there  
Rip my heart out

Honey I know that this is what it is but I love you  
I love you  
Baby I know that you're strong out for bliss so am I girl  
It's my world

But no other girl can set me on fire like you do  
You do  
And I know it  
You know it too  
I hate you, love you, I need you, deceive you  
I want you push you away  
I'm lost in my mind again

Honey I swear that I'm gonna be there right beside you  
Beside you  
Our dreams might fade and we might go astray  
But you'll have me  
And I'll have you

But no other girl can set me on fire like you do  
You do  
And I know it  
And you know it too  
I hate you, love you, I need you, deceive you  
I want you push you away  
I'm lost in my mind again

I'm trying to keep my thoughts in line  
To tranquilize my doubtful mind  
Yesterdays don't matter now  
I'm haunted by your past somehow

No other girl can set me on fire like you do  
Love you, I need you, deceive you  
I want you push you away  
I'm lost in my mind again

So lost, yeaahhhh  
So loosstt
