You said hate would be appropriate
But all you felt was disappointment
Had my doubts you could even stand me
'til you said you had never
You never stopped loving me
You know, every now and then
I take a look at the pictures we took
The ones in black and white
Where you stayed at my place every night
Every night of the week
And i still have the note
The little note where you wrote
"je t'aime je t'aime je t'aime
I want to be with you forever"
Still have it, still cherish it

Have to admit i've been unsure of you
And at the same time i think of you every day
One whole year has passed
And i'm still so unsure, so unsure about you
One whole year has passed
And i'm still so unsure

I'm surprized you're still around
After all i put you through
But i never lied to you
Uh maybe once... and i withheld the truth
I withheld the truth
But what was i supposed to do
Tell you there was someone else
And i wasn't really there for you?
Only when i wanted to
Only when i needed you
But, from the first day that we met
You found a special place
A special place in my heart
And i won't let you out
I won't let you out

Have to admit i've been unsure of you
And at the same time i think of you constantly

Two whole years have passed
And i'm still so unsure, so unsure about you
Two whole years have passed
And i'm still so unsure
