Waiting for you by the bridge
Where we almost kissed
But never did
We never did
I'm just trying to think of how to tell you
I think of you endlessly
I spend so much time musing
About you and me

Maybe i shouldn't have waited so long
To tell you these things
But i'm quite sure i'm in your thoughts too
The way that you hold your gaze
A second too long
Waiting for you by the bridge
Waiting to tell you something
That you probably already know but i
Want you to understand there's no one out there for
you
No one else for you but me
Your friends even said you'd be
Perfect for me

Waiting for you by the bridge
Where we almost kissed
But never did
We never did
I'm just trying to think of how to tell you
I think of you endlessly
I spend so much time musing
About you and me

I don't want to go back home without you
Letting me know
If you really want to cross the bridge
And stay with me by my side
At least for a while
Meeting you down by the bridge
Meaning to tell you something
That i've probably already shown but i
Want you to know that i care so much more about you

Than just being frinds with you
I've waited so long

Waiting for you by the bridge
Where we almost kissed
But never did
We never did
I'm just trying to think of how to tell you
I think of you endlessly
I spend so much time musing
About you and me

I think of you endlessly
