Oh, I dare you to try and put me under.
Trust me I am already dead.
Oh, I've been digging my own grave for far too long
now.
And I don't mind waking up without you in my bed.

Well when the sun comes up you will realize that you
were wrong.
And when your lungs collapse.
Every breath that you take will feel like your last.

I wanna see the fire ignite.
Suffocating the sky.
Don't ever say that you know just what this feels like.
I swear one day I'll kill this lie.

Curiosity has taken it's toll once again.
And taken over.
Taken over everything we had.

Oh, It's a shame.
That you just walked away.
Take everything I don't want the memories to stay.
You say you didn't see it coming.
Well I could see it from a mile away.
Look in-between the lines and read the story written on
your face.

Well when the sun comes up you will realize that you
were wrong.
And when your lungs collapse.
Every breath that you take will feel like your last.

I wanna see the fire ignite.
Suffocating the sky.
Don't ever say that you know just what this feels like.
I swear one day I'll kill this lie.

Letting go is easier when you have nothing left to lose.

So I'm letting go.

I'm letting go.
I'm letting go of you!

Oh, Please look me in the eyes; next time you stab me
in the back!
Oh, Please look me in the eyes; next time you stab me
in the back!

Oh, Please look me in the eyes.
(You know to come and get all your clothes out of my
house)
Next time you stab me, you stab me, stab me in the
back!
(So go tell all your friends why you chose to stick
around)
