Something in the way he moves Attracts me like no other lover Something in the way he woos me I don't want to leave him now You know I believe him how

Something in the way he smiles And I don't need no other lover Something in his style that shows me I don't want to leave him now You know I believe him how

You're asking me, will my love grow? I don't know, I don't know You stick around now it may show I don't know. I don't know

Something in the way he moves And all I have to do is think of him Something in the things he shows me I don't want to leave him now You know I believe him how

You're asking me, will my love grow? I don't know, I don't know You stick around now it may show I don't know, I don't know

Something in the way he moves Something in the way he knows Something in the way he smiles Something in the way he moves

Something in the way he smiles Something
