Good love
Bad love
Good love
Yeah
My time
Your time
My time
Yeah

84,000 different delusions
Take a ride in the car
84,000 different delusions

Good times
Bad times
Good times
Yeah
Our world
Their world
Our world
Yeah

84,000 different delusions
Meet me down at the bar
84,000 different delusions

Go look at the lake, please
Go look at the sky
Go look at a baby
We're all gonna die

84,000 different delusions
We don't know who we are
84,000 different delusions
We don't get very far
84,000 different delusions
Everyone is a star
84,000 different delusions...
