Ohh...

One touch, one kiss, one word
Heart stops, it aches, it burns
You're my one true desire
Like a dream that came alive
The sunshine in my life
And I can't fake, can't say
I'm not afraid to lose you babe

'Cause the best thing about me is you
And everyday I'm gonna let you know (oh oh oh oh)
The best thing about me is you
And I'd be crazy to let you go (oh oh oh oh)
You're the best thing about me
Yeah...

Your real, your sweet, your mine
And if I could stop time
We would just stay right here
'Cause every moment we're apart
I'm missing a piece of my heart
Yeahh...
And I can't fake, I can't say
I'm not afraid to lose you babe

'Cause the best thing about me is you
And everyday I'm gonna let you know (oh oh oh oh)
The best thing about me is you
And I'd be crazy to let you go (oh oh oh oh)
You're the best thing about me

I will be all you need...
That's how much you mean to me... (Alright)
I wanna hold you tight
Day and night
Stand by your side
Everyday of my life

One touch, one kiss, one word
Taking over my whole world

'Cause the best thing about me is you
And everyday I'm gonna let you know (oh oh oh oh)
The best thing about me is you
And I'd be crazy to let you go (oh oh oh oh)
'Cause the best thing about me is you
And everyday I'm gonna let you know (oh oh oh oh)
The best thing about me is you
And I'd be crazy to let you go (oh oh oh oh)
You're the best thing about me
The best thing... the best thing baby you are...
The best thing... the best thing baby you are...
The best thing... the best thing baby
You're the best thing... the best thing
