She's just a girl and I'm just a boy
Sometimes things happening we don't have a choice
Some call me fade, some calling in accident
I call it beautiful, like heaven said

Last night my whole life came to a change
'Cause last night I left my heart back at a place

Chorus:

I came home singing
Dum da dum da dum, dum da dum dum da dum ohh
Dum da dum da dum, dum da dum dum, da dum she
got me singing
Dum da dum da dum, dum da dum dum, da dum ohhh
Dum da dum da dum, dum da dum dum, da dum

I'm just a boy and she's just a girl
Love is a mystery I'm starting to learn
Came unannounced, came out at the blue
Make my whole universe... have you

Last night my whole life came to a change
'Cause last night I left my heart back at a place

Chorus:

I came home singing
Dum da dum da dum, dum da dum dum da dum ohh
Dum da dum da dum, dum da dum dum, da dum she
got me singing
Dum da dum da dum, dum da dum dum, da dum ohhh
Dum da dum da dum, dum da dum dum, da dum

Now I'm walking down the street and everyone I need
They don't understand and they think that something's
wrong with me
We're living in a parallel universe you and me
We're speaking in a language that only lover speak

Dum da dum da dum, dum da dum dum da dum ohh
Dum da dum da dum, dum da dum dum, da dum she
got me singing

Dum da dum da dum, dum da dum dum, da dum she
got me, she got me
Dum da dum da dum, dum da dum dum, da dum, hell I
cn't stop
Dum da dum da dum, I can't stop, dum da dum dum
da dum ohh
Dum da dum da dum, dum da dum dum, da dum
Dum da dum da dum, dum da dum dum, da dum ohhh
Come on, dum da dum da dum, dum da dum dum, da
dum

Singing yeah, yeah, singing yeah heey
Singing yeah, singing yeah, yeah
