It's a beautiful world
It's a beautiful day
And an usual time is coming away
We're on an adventure, hippy poo-ey

Up in a balloon
I'm sailing with you
On top of the world
We've got nothing to do
There's a silvery lining
And the sun is shining

Hold on to the good things darling
Hold on to the silver lining
Hold on to the beautiful melodies
And leave those worries behind us

A little of this, a little of that
The recipe calls for ahead don't look back
With you and me anything is possible
Friends are here to remind us

It's all about friends, it's all about love
And having someone that you know you can trust
We're in this together, it's all about us

I'm feeling so good, I'm feeling no pain
I'm washing my troubles, life doesn't change
Life is unfolding, gotta keep on going

Hold on to the good things darling
Hold on to the silver lining
Hold on to the beautiful melodies
And leave those worries behind us

Hold on to the good things
Hold on to the good things
Off we go

Hold on to the good things darling
Hold on to the silver lining
Hold on to the beautiful melodies

And leave those worries behind us

You can look to the east, you can look to the west
You can look to someone who loves you the best
So good to be a part of the family
Friends are here to remind us

Hold on to the good things
Hold on to the good things
