I'm gonna let you down  
I know that now  
Make you cry, I know I will  
Why should you believe  
I would never leave  
Or that I love you still  
For all the by and by  
Hard as we try  
The bough breaks and the cradle falls  
For everything I do  
That will tear at you  
Let me say I'm sorry now  
So you can sing your song  
You can get it wrong  
You can kiss the rock of ages  
In your wildest dreams  
You might see between  
The liars and the sages  
You can walk awhile  
Down the mystery mile  
You can beat the drums of freedom  
And in love and war  
Through the rush and roar  
You just call 'em like you see 'em
