let it slide
you say you get a feeling about it
they're starting to know what you mean
i only have to look at somewhere you've been walking
i know every place that you've been
you say you thought you'd just live without it
nobody falls in love anymore
but i say that they do 'cause i'm in love with you
and i'm sure i've never been here before
it's not too late for us
we still got hope and trust
we can still hang tough
let it slide
and when it's all too much
we'll leave it in the dust
climb up on that bus
and ride
remember that day when i met you
and the first thing we did was to fight
and we played all the songs that we both ever knew
and we ended up talking all night
if it was naysaying baby, don't doubt it
and it says naysaying baby this time
'cause the heart is gonna see what it wants to believe
and the heart's always willing to try
it's not too late for us
we still got hope and trust
we can still hang tough
let it slide
and when it's all too much
we'll leave it in the dust
climb up on the bus
and ride
it's not too late for us
we still got hope and trust
we can still hang tough
let it slide
and when it's all too much
we'll leave it in the dust
climb up on that bus
and ride
it's not too late for us

wse still got hope and trust
we can still hang tough
let it slide
and when it's all too much
we'll leave it in the dust
climb up on that bus
and ride
