Today we took a walk up the street
and picked a flower and climbed the hill
above the lake

And secret thoughts
were said aloud

We watched the faces in the clouds
until the clouds had blown away

And were we ever somewhere else?
You know, it's hard to say.

And I never saw blue like that before.

Across the sky,
around the world.

You've given me all you have and more
and no one else has ever shown me how
to see the world the way I see it now.

Oh, I,
I never saw blue like that.

I can't believe a month ago
I was alone, I didn't know you
I hadn't seen or heard you're name.

And even now, I'm so amazed,
it's like a dream,
it's like a rainbow,
it's like the rain.

And somethings are the way they are
and words just can't explain.

'Cause I never saw blue like that before
Across the sky,
around the world.
You've given me all you have and more.

And no one else has ever shown me how
to see the world the way I see it now.
Oh, I, I never saw blue like that before.

And it feels like now,
And it feels always,
And it feels like coming home

I never saw blue like that before
Across the sky,
around the world.

You've given me all you have and more.
And no one else has ever shown me how
to see the world the way I see it now.
Oh, I, I never saw blue like that before.

Oh, I, I never saw blue like that.
