Nothing Like You

Shawn Colvin/John Leventhal

Four blocks up and two streets down,
I went back to my old hometown
Like a kid I ran and hid on cue
That's when times were really sad
Winter there was really bad
And we all just froze but for a chosen few
Did you ever see someone you knew
Holding fast and staying strong and true
And they were nothing like you?
Truth to tell and time to burn
I hit the wall at every turn
The ceiling cracked in half and I just flew
Poetry is what I heard
I was hanging onto every word
I was a lover for the world to woo
I have seen the top of Mt. Ventoux
I have seen a miracle or two
And they're **N O T H I N G L I K E Y O U**
You've been waiting for awhile
I can tell
Off my head and on the fence
Maybe there's no accidents
Anyway I'd say I have come to
So fool me once that might be fun
Fool me twice well that's been done
You can fool me everyday I won't say boo
I believe I have pulled a major coup
I believe I have boarded up the zoo
I believe I have dropped the other shoe
And there's **N O T H I N G L I K E Y O U**
